Level 2	\$1,000 (\$100/mo)	\$1,150 (\$115/mo)	\$1,150 (\$115/mo)
Level 3	\$1,300 (\$130/mo)	\$1,400 (\$140/mo)	\$1,400 (\$140/mo)

Classroom Academic Support

Classroom teachers provide after-school academic support and homework help for all students until 3:45. There is no charge for this support.

Level 1

The accommodations for Level One include extended time to complete assignments and tests, the use of a calculator, preferential seating, and allowing the use of a computer/iPad. (These accommodations are provided in the classroom.)

Level 2

Accommodations for Level Two may include, but are not limited to, reducing written assignments and/or questions on a test, breaking assignments into smaller units, providing a copy of notes, providing a word bank for tests, providing assistance with assignments, providing visual cues or organizers, and assistance with formulas. Includes weekly communication with students about missing work. Students are able to go to the Learning Lab (as appropriate) to take tests and quizzes with minimal assistance from a teacher.

Level 3

Level Three may have accommodations from the first two levels but may also include having tests or assignments read to the student, ability for the student to leave the classroom to take tests or quizzes in the Learning Lab, modified format of tests or quizzes, study hall assistance separate from peers, the ability to use a scribe, review or reteach options, reading intervention and the option to retest (under certain circumstances).

Evaluations

Students must have an educational diagnosis in order to receive accommodations. Educational evaluations are valid for 3 years. In order to continue on an accommodation plan, students must have a current evaluation on file. This is to make sure the accommodation plan best fits the needs of the student and to be able to receive accommodations on the ACT.

Billing

Fees for the above services are billed through FACTS and are to be paid on a monthly basis.
